Commercial and Architectural Expansion Joint Systems

Proudly engineered, designed and manufactured in Australia, Miska™ expansion joint cover systems are supplied to projects across the globe. The Miska™ range offers architecturally inspired engineered systems for retail centres, single and multi level car parks, indoor and outdoor public spaces, schools, airports, hotels and stadiums.

Westfield Westlakes Car Park

Project: Westlakes Shopping Centre,

Adelaide, South Australia

Client: Westfield Design and Construct

Installer: Activo

Installation Date: April 2013

Scope:

650 lm of roof top car park on the refurbished Westfield Westlakes Shopping Centre which included fabrication of several

complex intersections.

Robina Hospital Car Park

Project: Robina Hospital. Gold Coast, Queensland.

Client: Baulderstone | **Installer:** Metal Matrix

Installation Date: July 2011

Scope:

Installation of expansion joint cover system in a new structure. Includes roof top and internal car park decks. Utilising Miska™ CP series surface mounted expansion joint cover with 40 mm Santoprene seal in deck to deck and deck to wall applications.

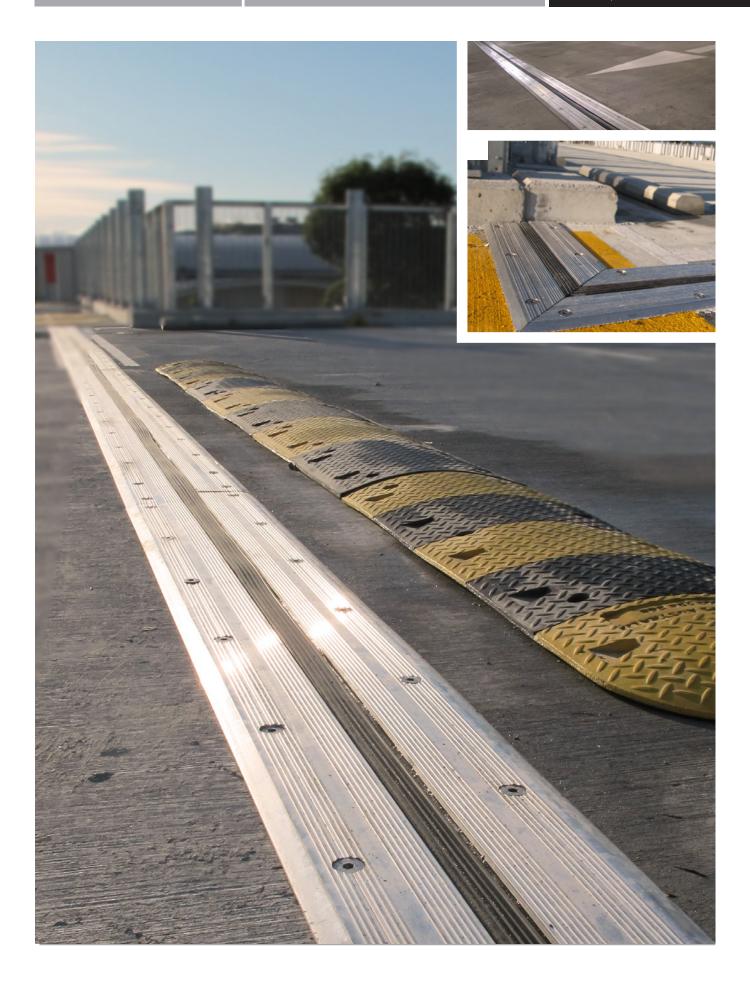

Parkmore Shopping Centre Car Park

Project: Parkmore Shopping Centre, Keysborough, Victoria.

Client: GPT | Installer: Freyssinet Remedial

Installation Date: Sept - Nov 2011

Scope:

Replace existing sliding plate expansion joint covers and waterproof membrane on roof top car park. Eliminate leaking and noise into Kmart and Target tenancies. Utilising CP series joint covers both surface and rebate mounted with secondary waterproofing seal. The CP series dealt with 15mm height differential between labs, offset intersections and severe concrete and armour nosing remedial works.

Canberra Airport Car Park

Project: Canberra Airport, T1 and T2 Terminals.

Client: Construction Control | Installer: Danlaid

Installation Date: Sept - Feb 2012

Scope:

240 lm of CP series expansion joint covers with 65 mm seal was installed at the existing T1 and new T2 Car Park.

Sydney Domestic Airport Car Park

Project: Sydney Domestic Airport Car Park.

T1 and T2 Terminals.

Client: SACL (Sydney Airport Corporation Limited)

Installer: Civico P/L

Installation Date: January 2012

Scope:
